## NYC DEPARTMENT OF EDUCATION PUBLIC SCHOOLS

Our schools belong to every family and student in New York City. The NYC Department of Education (DOE) is committed to providing for diverse needs, as well as fostering equity and excellence with warmth and inclusion. We are grateful for the dedicated students, teachers, staff, families, and communities who make our schools strong. Our city's young people are the future—here's how we're giving them a running start:

### We are committed to equity and diversity

All NYC public middle schools welcome and support...

- Students who are multilingual/English language learners
- Students with disabilities
- Students with accessibility needs
- Students in temporary housing
- Immigrant students and families
- LGBTQ students and families

In districts across the City, we are working with communities to develop plans that increase diversity in more of our schools. Learn more at [schools.nyc.gov/DiversityAdmissions](https://schools.nyc.gov/DiversityAdmissions).

### We are committed to excellence and accountability

We collect information about our schools' outcomes to help identify each school's strengths and areas for improvement. To learn about any school's performance, visit [schools.nyc.gov/Find-a-School](https://schools.nyc.gov/Find-a-School), enter the school's name into the search bar, and click on the Data and Reports tab to read that school's School Quality Snapshot, School Quality Guide, and other reports.

### We welcome your input and involvement

- If you want to help support your child's current or future school, ask your principal or parent coordinator how you can help.
- Do you have feedback for us about this Middle School Admissions Guide or MySchools ( [MySchools.nyc](https://MySchools.nyc))? If so, email [OSEComms@schools.nyc.gov](mailto:OSEComms@schools.nyc.gov).

# WE SERVE

## AND WELCOME ALL NYC STUDENTS, INCLUDING

### **Multilingual/English Language Learners** | [schools.nyc.gov/ELL](https://schools.nyc.gov/ELL)

All NYC public schools provide a range of supports and services for Multilingual/English Language Learners (MLLs/ELLs) to develop their English language skills and prepare them for success in school, college, and careers. Learn more about English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language (DL) service delivery models on our website.

 **MySchools Tip:** If you're interested in Dual Language programs, type the term **Dual Language** into the search bar.

### **Students with Disabilities** | [schools.nyc.gov/SpecialEducation](https://schools.nyc.gov/SpecialEducation)

Every middle school is expected to welcome and serve students with disabilities in accordance with the recommended programs and services on their Individualized Education Programs (IEPs). All middle school programs admit general education students and students with disabilities. Learn more in **Section 4.2**. Testing accommodations are provided according to students' IEPs or 504 plans—see the end of **Section 4.4**. For students whose IEPs recommend District 75 programs, see **Section 1.3**.

### **Students with Accessibility Needs** | [schools.nyc.gov/BuildingAccessibility](https://schools.nyc.gov/BuildingAccessibility)

The NYC Department of Education (DOE) is committed to providing students with accessibility needs an offer to a middle school program that allows them to access all relevant programs and services. Schools can be partially or fully accessible, and reasonable accommodations can be requested. For the most up-to-date information about accessibility, check our website and contact schools directly.

 **MySchools Tip:** Filter for programs at  **Fully Accessible** or  **Partially Accessible** schools.

### **Students in Temporary Housing** | [schools.nyc.gov/STH](https://schools.nyc.gov/STH)

Students in temporary housing enrolled in a DOE elementary school may apply to middle school programs, even if they move to a temporary residence outside of NYC. They are not required to submit documentation (including address, proof of age, and immunization) in order to participate in an admissions process and accept their offer.

### **Immigrant Families** | [schools.nyc.gov/SupportingImmigrantFamilies](https://schools.nyc.gov/SupportingImmigrantFamilies)

Every child in New York City has a right to a public school education, regardless of immigration status. By law, children may not be asked to present documentation of immigration status, nor can they be denied admission, registration, or enrollment in school based on immigration status. DOE employees will not ask about a family's status, and if they do learn about immigration status, they must keep it confidential. Public schools are at the center of our democracy and remain safe places for all students, families, and educators.

### **LGBTQ Students and Families** | [schools.nyc.gov/LGBT](https://schools.nyc.gov/LGBT)

All of our schools welcome and support lesbian, gay, bisexual, transgender, and queer or questioning students, families, and staff. You can apply to single-gender programs based on your gender identity, regardless of sex assigned at birth. If you have a transgender child who is interested in a single-gender school, ask their school counselor to assist in the application process.

 **MySchools Tip:** Use the search term **GSA** for a list of middle schools with a club that supports LGBTQ students.

Need help with your child's application or have questions? Ask your child's school counselor, visit a Family Welcome Center, or call us at **718-935-2009**.

---

<sup>1</sup> Staten Island has only one district (District 31), so **Section 8.0** of the Staten Island Middle School Admissions Guide includes only district and citywide program sections.

## 1.0 KNOW THE PATHS TO MIDDLE SCHOOL

For most students in New York City, the path to DOE public middle school is to submit a middle school application during fifth or sixth grade—learn more in **Section 1.2**. Find out about other middle school options in **Sections 1.3-1.4**.

### 1.1 Who Can Apply?

To apply to middle school, your child must be both a New York City resident AND either a current fifth grade student or a current sixth grade student at an elementary school that ends in sixth grade.<sup>1</sup>

See pages 1-3 to learn how our schools support and serve all NYC students.

If you move to New York City during the school year and need to find a middle school now, or if you miss the application deadline and need to enroll for Fall 2020, visit [schools.nyc.gov/NewStudents](https://schools.nyc.gov/NewStudents) to learn what to do.

### 1.2 Middle School Admissions

In October, access your child’s personalized middle school application and submit it online with MySchools ( [MySchools.nyc](https://schools.nyc.gov)), through their school counselor, or in person at a Family Welcome Center by **Monday, December 2, 2019**. From your child’s middle school options, you can add up to 12 programs to their application. In April, you will get your child’s middle school offer letter, which will include a middle school offer. If you choose to not submit a middle school application, you will get an offer to a middle school program with available seats. Learn more in **Sections 2.0-5.0**.

### 1.3 Admissions for Current District 75 Students

District 75 provides highly specialized instructional support for students with significant challenges, such as Autism Spectrum Disorders, significant cognitive delays, emotional disturbances, sensory impairments, and multiple disabilities. These supports are offered in a wide variety of settings and locations across New York City, including special classes co-located in District 1-32 schools, school buildings where all students have Individualized Education Programs (IEPs), general education classrooms, agencies, hospitals, and at home.

The families of students with disabilities who are recommended for a District 75 program, but who are considering a middle school outside of District 75 should also work with their IEP team to determine whether the recommendation for a District 75 program for middle school is appropriate. If the IEP team, including the family, believe that a District 75 recommended program continues to be appropriate, the District 75 Placement Office will notify the student of their District 75 middle school program placement in May or June.

#### Tip

Learn more about District 75 programs at [schools.nyc.gov/D75](https://schools.nyc.gov/D75).

<sup>1</sup> Current fourth grade students who live or go to school in District 3 can apply to the Center School (03M243). Current fourth grade students who live or go to school in Queens can apply to Louis Armstrong Middle School (30Q227). Current sixth grade students can apply to Baccalaureate School for Global Education (30Q580).

## 1.4 Charter Schools

---

Charter schools are free public schools that are open to all New York City students and that operate independently from the Department of Education (DOE). Instead, charter schools operate under a performance contract, or charter, issued by a New York State authorizer. Charter schools are accountable for meeting specific academic goals. Charter schools have a separate middle school application process. If you would like to apply to middle school at a charter school, please contact that school directly to learn about their enrollment and admissions. Note that some charter middle schools only admit students who attend school at one or more partner charter elementary schools.

Any student eligible for admission to a DOE public school is eligible for admission to a public charter school. For a list of charter middle schools by district, turn to the back of this guide. Visit [schools.nyc.gov/Charters](https://schools.nyc.gov/Charters) or call **311** for more general information.

## 2.0 UNDERSTAND YOUR MIDDLE SCHOOL OPTIONS

---

Once you are logged in to your MySchools account, you will be able to see and explore every middle school program that your child is eligible to include in their application. You can also use the eligibility information in **Section 8.0** of this guide and the explanations in **Sections 2.2-2.5** to learn if your child can apply to specific programs.

In the fall, when your child is ready to apply, you can add up to 12 of these programs to their middle school application. Add the programs that interest you and your child the most. Place them in your true order of preference on the application—this means placing your favorite program at the top as #1, your second choice as #2, and so on. Learn more about choosing programs in **Sections 3.0-4.4**.

### 2.1 Schools and Programs

---

Applying to middle school really means applying to middle school programs. Think of a program as a doorway into a school. If a school has multiple programs, your child could apply to more than one program at the same school. For instance, a middle school might have a zoned program and a Dual Language program. If your child were zoned for this school (learn more in **Section 2.2**) and eligible for its Dual Language program, you could add both of these programs to your child's application—they would count as two separate choices on the application.

### 2.2 Eligibility

---

A middle school program's eligibility tells you who can apply to it. If your child meets the program's eligibility description, they can apply to that program.

For instance, if a program's eligibility is "Open to students and residents of Queens," this means that only students who live or attend public elementary schools in Queens can apply. Students who live and attend schools in other boroughs are not eligible to apply to that program.

## In This Admissions Guide

**Section 8.0** of this guide includes eligibility information about every middle school program in your borough, as well as any middle school programs from other boroughs that are open to all New York City residents. To learn if your child is eligible to attend a specific program, check that program's eligibility in its school listing.

In this example, students and residents of Queens are eligible to apply to this program.

City Lane School (I.S. 123)   99A123		Grades: 6-8   Students: 237   ♂ 1738 City Lane, Queens, NY 99999   718-555-5555

(I.S. 123) Spanish Dual Language Program   A123S		Screened: Language	Students and residents of Queens	<ul style="list-style-type: none"> <li>1 Priority to students and residents of District 27</li> <li>2 Then to students and residents of Queens.</li> </ul>

Only students who live in this middle school's zone can apply for this program.

City Lane School (I.S. 123)   99A123		Grades: 6-8   Students: 237   ♂ 1738 City Lane, Queens, NY 99999   718-555-5555

Zoned Program   A123Z		Zoned	Open to students residing in the zone	

## Online at [MySchools.nyc](https://www.myschools.nyc.gov)

When you are logged in to MySchools, your application experience is customized for your child's eligibilities. In other words, you can see and explore every middle school program that your child is eligible to apply to; additionally, you'll be able to save favorite programs and add them to your child's application.

This means that if a program's eligibility is "Open to students and residents of Queens," only students who live or attend public elementary schools in Queens will see this program as an option for their MySchools middle school application. Students who live or attend schools in other boroughs will not see or have it as an option.

Learn about specific eligibility requirements by clicking on a program's name on its MySchools page.

Programs in **Section 8.0** of this borough's Admissions Guide are arranged by eligibility type:

- District programs<sup>1</sup>
- Boroughwide programs
- Citywide programs

### 2.3 District Programs | Eligibility: Open to students and residents of the district

Your child can apply to programs that are located in the district where your family is zoned for middle school, or the district where your child attends public elementary school. Sometimes families are zoned for middle school in a different district than where they are zoned for elementary school; in these cases, the middle school's zone determines your child's eligibility.

<sup>1</sup> Staten Island has only one district (District 31), so **Section 8.0** of the Staten Island Middle School Admissions Guide includes only district and citywide program sections.

Some district programs may be open only to students who live or go to school in that district. If a program's eligibility is "Open to students who live in the zone," this means it's open only to applicants who live in the smaller geographic zone around a particular school (rather than the larger district's middle school zone).

#### Tip

There are 32 school districts throughout the five boroughs. Learn which district programs your child is eligible to apply to and learn if they have a zoned school by entering your address at [schools.nyc.gov/Find-a-School](https://schools.nyc.gov/Find-a-School) or calling **311**. This information will also be available in your MySchools account.

## 2.4 Boroughwide Programs | Eligibility: Open to students and residents of the borough

These programs are open to students who live and/or go to school in the same borough as the school.

*Example:* If your child lives in Queens, they are eligible to apply to boroughwide programs located in Queens.

## 2.5 Citywide Programs | Eligibility: Open to all New York City residents

These programs are open to all students who live in New York City.

#### Tip

When a school has multiple programs that have different eligibilities, that school's listing will appear in all relevant sections of the guide. However, each program will only appear once in this guide, in the section that matches its eligibility. For instance, if a school has both a district program and a boroughwide program, the school listing would appear in both the District Programs and Boroughwide Programs sections, but the district program from that school would appear only in the District Programs section, while the boroughwide program from that school would appear only in the Boroughwide Programs section.

## 2.6 Mark Twain Talent Tests

Mark Twain for the Gifted and Talented (IS 239) is a citywide school that requires applicants to participate in talent testing.

If you're interested in applying, register your child to take tests in two talent areas. During the application period, you can register one of three ways:

- Online with MySchools—select the Mark Twain tab
- Through your child's school counselor
- At a Family Welcome Center

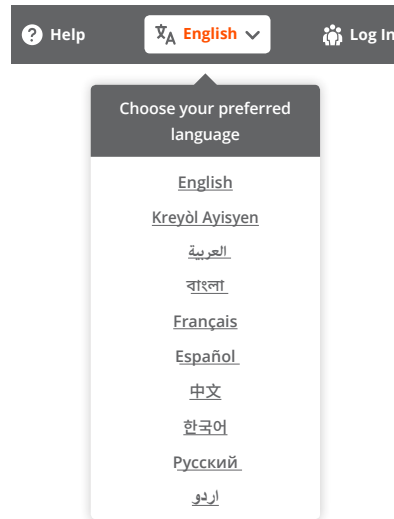

Students taking the talent test will be given appointments in early January.

# 3.0 EXPLORE SCHOOLS AND PROGRAMS

As you start learning about your child's middle school options, consider what matters most to your family—this might be location, language offerings, a sports team, or accessibility.

Start exploring schools now in this guide. When the application period opens, you can learn even more about your child's options with MySchools ( [MySchools.nyc](https://schools.nyc.gov)).

 **MySchools Tip:** MySchools is available to use in 10 languages. Select your language in the drop-down menu on the top right of the page.

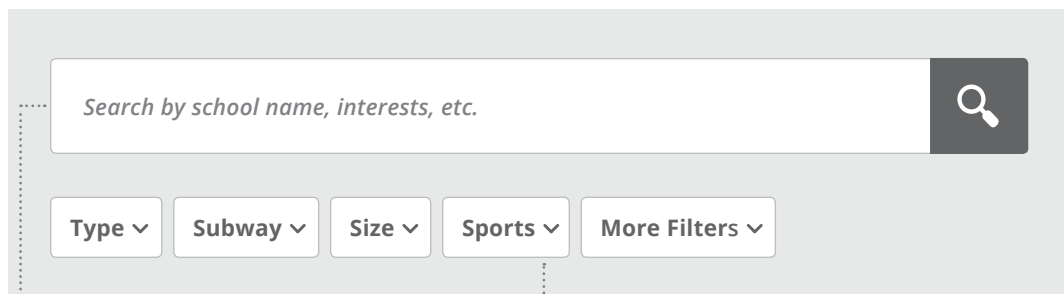

### 3.1 Finding Schools

#### In This Admissions Guide

- Even before the application opens, browse district, boroughwide, and citywide middle school programs in **Section 8.0**.
- Look at the district, borough, and city maps to see all district, boroughwide, or citywide programs at a glance.
- Within each section, find middle school listings in DBN (district-borough number) order.
- Learn more about this guide's school and program listings in **Sections 3.2-4.4**.

#### Online at MySchools.nyc

During the application period, find schools online in the MySchools middle school directory. Your school counselor will help parents/guardians of fifth grade students—or of sixth grade students whose elementary schools end with sixth grade—to create a MySchools account and access your child's personalized search experience. Once your family has an account and is logged in, you can save favorite programs, get helpful tips, and start adding programs to your child's application.

**Search.** Type course names, interests, clubs, and programs into the "Search by..." search bar to find schools that offer what you're looking for.

**Filter.** Use filters to narrow your search to schools with specific features, such as eligibility, accessibility, size, and desired subway lines.

## How to Find...

### 3.2 Understanding School Information

You can start learning about your child’s middle school options by reading the brief school listings in this Admissions Guide. When the application period opens, you can view schools’ more detailed pages in the MySchools ([MySchools.nyc](https://www.schools.nyc.gov/MySchools.nyc)) directory. The information in a school’s listing and MySchools page can help you learn if a school might be a good place for your child. Consider how a school’s offerings line up with your child’s interests and needs. Are the school’s classes and activities ones that your child enjoys, does well at, or would like to explore?

Note that all the information in a school listing or MySchools page may change for the 2020-2021 school year. Contact schools directly for the most up-to-date information.

## 4.0 LEARN HOW STUDENTS GET OFFERS

How can you know your chances of getting an offer to a specific program? And how do you increase your chances of getting an offer to a program on your application?

It helps to start by learning how offers are made. Students get offers to programs based on four key factors:

1. Your application choices (see **Section 4.1**)
2. Seat availability (see **Section 4.2**)
3. Admissions priorities (see **Section 4.3**)
4. Admissions methods (see **Section 4.4**)

You can control some of these factors, while others are aspects of the programs themselves. Learning about all of these factors can help you know your chances of getting an offer to each program of interest. The following two pages provide an overview of these factors—read more about them in **Sections 4.1-4.4**.

### Your application choices

The number of program choices you add to your child's application

AND the order in which you place them matter! Add up to 12 choices to your child's application in your true order of preference. Then submit the application.

### Program's seat availability

Each program has a certain number of available seats.

### Program's admissions method

For some programs, applicants get offers based on random selection. For other programs, applicants are evaluated based on selection criteria and then ranked based on that evaluation.

PRIORITY GROUP 1

PRIORITY GROUP 2

### For Programs That Use Random Selection

PRIORITY GROUP 1

PRIORITY GROUP 2

For programs that use random selection, students get offers based on their randomly assigned numbers. Programs may use one of two admissions methods that use random selection: open or limited unscreened—learn more in **Section 4.4**.

#### Let's look at a sample program that uses an open admissions method:

This program has four seats and seven applicants. Because there are more applicants than seats, not all of these applicants will get an offer to this program.

**First...** students in priority group 1 get an offer in numerical order. Since there are three students in priority group 1, all of them get an offer

**Then...** students in priority group 2 get an offer in numerical order. Since there is just one remaining seat after offers were given to students in priority group 1, only one student from priority group 2—the student who is first in numerical order within that group—gets an offer.

Now all seats in this program are filled. Based on their randomly assigned numbers, the remaining students in priority group 2 do not get an offer to this program. These students are then considered for offers at the next program on each of their applications.

### For Programs That Rank Applicants

PRIORITY GROUP 1

PRIORITY GROUP 2

For programs that rank applicants, students are evaluated for admission based on a set of selection criteria, such as grades, test scores, attendance, punctuality, and/or academic and personal behaviors. Programs may use one of the following admissions methods that rank applicants: screened, screened: language, or composite score—learn more in **Section 4.4**.

#### Let's look at a sample program that uses a screened admissions method to evaluate and rank applicants:

Seven students applied to this program, which has only four available seats. First, the seven students are all evaluated according to the program's selection criteria and admissions rubric. Then they are ranked based on this evaluation.

**First...** students in priority group 1 get an offer in ranking number order. Since there are two applicants in priority group 1, both get an offer.

**Then...** students in priority group 2 get an offer in ranking number order. Since there are two remaining seats after offers were given to students in priority group 1, the students who are first and second in ranking number order from priority group 2 get an offer.

Now all seats for this program are filled. The remaining two students in priority group 2 do not get an offer to this program. These students are then considered for offers at the next program on each of their applications.

## 4.1 Your Application Choices

The most important factor in determining where your child goes to middle school is how you complete their middle school application. When you are logged in to MySchools, you will see as options all the middle school programs that your child is eligible to add to their application.

- 1. From these options, choose up to 12 programs that your child would like to attend.** Add these programs to your child's application. Adding more choices increases your chances of getting an offer to one of those choices; it does NOT lower your chance of getting an offer to any of your top choice programs. You have the same chance of getting an offer from your top choice whether you include only that choice or eleven additional choices below it.
- 2. Be sure to place these programs on the application in your true order of preference,** with your child's first-choice program at the top as #1, their second-choice program as #2, and so on. This order matters! Your child will be considered for their first-choice program first. If they don't get an offer to their first choice, then they will be considered for their second-choice program as though it were their first choice, and so on. They will get an offer from their highest possible choice considering the other factors discussed in this section.

It's also a good idea to not apply *only* to programs that use screened or composite score admissions methods. Listing only these programs lowers your chance of receiving an offer to a program of your choice.

**Tip** Submitting a middle school application is your best opportunity to get an offer to a school you prefer, so be sure to make thoughtful choices! Place the programs on your application in your true order of preference. Middle schools will not see this order, so they will not know if they are your first or twelfth choice.

## 4.2 Seat Availability

Each middle school has a specific number of seats for sixth grade students.

### Seats and Applicants Per Seat: Demand Last Year

You can find out how many students a program accepted last year (Seats) and how many total students applied for those seats (Applicants) in the Demand Last Year section of MySchools. You can learn how in-demand, or popular, a program was by how many people applied for each available seat (Applicants Per Seat)—a higher number of applicants per seat means higher demand. Note that all numbers are from last year.

## General Education and Students with Disabilities

Each program admits general education students and students with disabilities. Your middle school application will show your designation. This is not something you are able to choose or edit.

<ul style="list-style-type: none"> <li>For students who do not have IEPs</li> <li>For students with IEPs recommending related services only</li> <li>For students with IEPs recommending special education instructional programming for 20% or less of their academic program as indicated on their current IEP</li> </ul>	<ul style="list-style-type: none"> <li>For students who are recommended for special education instructional programming for more than 20% of their academic program as indicated on their current IEP</li> </ul>

Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Adapted Physical Education (APE) and related services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of middle school admissions.

Please note that students with 504 plans are not entitled to seats for students with disabilities if they do not have an IEP recommending the student also receive special education instructional programming for more than 20% of their academic program.

Every middle school program participating in middle school admissions is expected to welcome and serve students with disabilities in accordance with the recommended programs and services on their Individualized Education Programs (IEPs). The School Implementation Team (SIT) at the middle school will review the IEP to ensure that all services and supports a student is recommended for are provided. In some cases, the IEP team may meet to review the IEP to better meet the student's current needs.

For more information, visit [schools.nyc.gov/SpecialEducation](https://schools.nyc.gov/SpecialEducation).

### 4.3 Admissions Priorities

A program's admissions priorities determine the order in which applicants are considered for offers to each program. If a program has multiple admissions priorities, students are considered in groups.

- All students in priority group 1 will be considered first.
- Then, if seats are still available, students in priority group 2 will be considered next, and so on.

Admissions priorities are only used if a program has more applicants than available seats.

#### In This Admissions Guide

You can look up a program's admissions priorities in its school listing.

These students are in the second priority group. They will be considered next for any available seats.

These students are in the first priority group. They will be considered first for any available seats.

### Tip

Consider applying to programs where your child is in priority group 1. Your child will have a better chance of getting an offer to these programs than students in other priority groups. Schools with more than one middle school program may have different admissions priorities for each program.

## Common Admissions Priorities

Here are some admissions priorities used to determine offers:

Admissions Priority	What It Means
Priority to continuing 5th graders	Students who currently attend a school that continues to eighth or twelfth grade are guaranteed an offer to continue attending a program at that school if they add it to their middle school application. Students will first be considered for any programs that they placed higher in their applications. You do NOT need to place your child's continuing school as your first choice program to be guaranteed an offer there, but you do have to add it as one of your choices.
Priority to students and residents of the district	Students may have priority based on the district, borough, or geographic area where they live and/or go to public school. If a student lives and goes to public school in different boroughs or districts, that student has priority in both places.
Priority to residents of the zone	Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend the zoned program at that school or schools. To get this priority, be sure to add your zoned program(s) to your child's middle school application. You do NOT need to rank your zoned school's program as your first choice to get the priority. To find out if you have a zoned school or schools, check MySchools or enter your address at <a href="https://schools.nyc.gov/Find-a-School">schools.nyc.gov/Find-a-School</a> .
Priority to applicants eligible for free and reduced lunch (FRL) for up to 50% of seats	This is one example of a diversity-in-admissions priority. In this sample priority, applicants whose families meet a specific income requirement have priority to 50% of seats in this program.

## Diversity in Admissions

Some programs have admissions priorities based on family income, ELL status, or other criteria. Middle schools across the city are participating in an effort to increase diversity in their programs. The current list of schools participating in diversity pilots is available on our website—learn more at [schools.nyc.gov/DiversityAdmissions](https://schools.nyc.gov/DiversityAdmissions). Throughout the admissions process, check MySchools for the most up-to-date admissions priorities.

### 4.4 Admissions Methods

Admissions methods are the ways programs make offers to students. They also describe what you need to do to be considered for a program. In most cases, all you have to do is list the program on your application.

There are two broader types of admissions methods—those that use random selection and those that use ranking to admit applicants.

### Programs That Use Random Selection

As part of the middle school admissions process, every applicant is assigned a random number, as in a lottery. Programs with an open admissions method use students' randomly assigned numbers, and may also use admissions priorities, to make offers. When a program has more applicants than seats, students are admitted in order by their randomly assigned numbers. If the program also uses admissions priorities, all applicants from the first priority group for a program are admitted before any students from the second priority group, regardless of their randomly assigned numbers. There are two types of admissions methods that use random selection: **open** and **limited unscreened**—learn more about these admissions methods on the next page.

#### Tip

For more information on how offers are made to programs that use randomly assigned numbers, watch our video "How Students Get Offers to New York City Public Schools" at [schools.nyc.gov/Middle](https://schools.nyc.gov/Middle).

### Programs That Use Ranking

Students are given offers to these programs based on their previous year's academic record. These programs use either a **screened**, **screened: language**, or **composite score** admissions method.

- **At screened and screened: language programs**, middle school staff evaluate the applicant pool based on their admissions rubric. Some schools may invite students to participate in testing or an interview. Schools then numerically rank applicants, and offers are given to students in descending order of rank.
- **At composite score programs**, applicants get an automatically calculated composite score that reflects their previous year's academic record. The higher the student's performance, the higher their composite score will be. Offers are then given to applicants in descending order of composite score. A program's selection criteria may include final fourth grade report card grades, standardized test scores, internal assessments, and/or attendance and punctuality to evaluate and rank students.

**Tip**

For a more detailed look at how offers are made to programs that rank applicants, watch the video "Middle and High School Admissions" at [schools.nyc.gov/Middle](https://schools.nyc.gov/Middle).

## Selection Criteria

Programs that have a screened, screened: language, or composite score admissions methods use specific selection criteria to make offers.

- **For screened or screened language programs:** These programs' selection criteria tells you which information their school uses to rank applicants.
- **For composite score programs:** These programs' selection criteria tells you which information is used to create each applicant's composite score.

### In This Admissions Guide

If the program uses a screened, screened: language, or composite score admissions method, check MySchools to learn which selection criteria that program uses in admissions.

### Online at MySchools.nyc

Look up a program's selection criteria on its MySchools page to see which factors that program uses to admit students. Click **+ Admissions Method** to display a program's selection criteria.

The selection criteria for programs with screened or composite score admissions methods will tell you which of the following are used when ranking and scoring applicants:

- Final fourth grade report card
- Fourth grade New York State ELA and Math scores
- Attendance and punctuality from fourth grade
- Academic and personal behaviors, which are:
  - Manages time and consistently demonstrates effort to independently achieve goals
  - Works in an organized manner
  - Persists through challenges to complete a task by trying different strategies
  - Asks for help when needed
  - Respects school rules and works well in the school community

Middle school admissions uses information from fourth grade to evaluate students for admissions. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers. Academic and personal behaviors are usually included as part of the fourth-grade report card. However, if your child's school does not include them in report cards, ask school staff to provide this information.

## Testing Accommodations

If a student's IEP shows testing accommodations, the accommodations (as long as the accommodations do not change the skills or content the test is measuring) will be provided when the student tests or auditions. If you are invited to participate in a test or audition, please be sure to work with your child's elementary school to communicate your child's needs and required supports and share documentation with the middle school as needed. Learn more on our website at [schools.nyc.gov](https://schools.nyc.gov)—select the **Special Education** tab and click on **Testing Accommodations** in the **Supports and Services** menu.

## 5.0 GO TO EVENTS AND VISIT SCHOOLS

---

Most of the middle school admissions process happens in the fall, between September and December. Using the Action Checklist in the front of this guide as a reference, plan your child's fall admissions schedule. In your calendar, note dates and times of middle school fairs, open houses, school tours, and appointments for programs that require interviews, auditions, or on-site assessments.

### 5.1 Middle School Fairs

---

Attend a middle school fair this fall! At these events, you can meet with representatives from different schools on the same day, in the same place. The middle school fairs for different districts or boroughs will take place on different dates this fall. Visit [schools.nyc.gov/Middle](https://schools.nyc.gov/Middle) for the latest news on when and where a district's middle school fair will be held.

### 5.2 School Visits

---

Visiting a school is the best way to explore if it would be a good place for your child. It's also a helpful way to test the commute and see how long the trip is from home. Contact schools directly to find out if they have special events or open house listings. Use our website to find a specific school's open house or information session dates—visit [schools.nyc.gov/Middle](https://schools.nyc.gov/Middle).

#### Tip

When visiting schools, always ask questions. Use the activity that follows as a guide. On sign-in sheets, write your contact information clearly to show interest, and so schools can follow up with your family about events and other information. This is especially important for programs that use a limited unscreened admissions method.

---

### 7.3 School Location and Transportation

We offer transportation to middle school students based on these criteria:

- **Students in sixth grade** are provided with yellow bus service or a MetroCard if they live one mile or more from the school; if they live closer than that but more than one half mile from the school, a half-fare MTA bus pass is available on request from their school. Students may receive yellow busing on if they live in the same district as their school and if the school utilizes yellow bus transportation.
- **Students in seventh grade and above** are provided with MetroCards if they live one and a half miles or more from school. If they live closer than that but more than one half mile from school, a half-fare MTA bus pass is available on request from their school.
- **Students whose IEP requires specialized transportation services** are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child's special needs which may also affect the type of vehicle or route on which the student is placed.

For more information on transportation, call us at **718-392-8855** or visit **[schools.nyc.gov/school-life/transportation/bus-eligibility](https://schools.nyc.gov/school-life/transportation/bus-eligibility)**.

## District Programs | District 24 Information and Map

*Students and residents of District 24 can apply to middle school programs in this section.*

- ★ Some middle schools in District 24 also have programs that are open to all students and residents of Queens—these programs are located in the **Boroughwide Programs** section of this guide.

All families zoned to District 24 have at least one zoned middle school, and some families have two. It's a good idea to include your zoned school on your child's application—and if you have two zoned schools, consider including both of them. However, you don't need to place a zoned school as your first choice. Your child's priority to attend their zoned school (or either of their zoned schools) remains the same whether you place it first or twelfth on their application.

## Changing Admissions Priorities for Middle School G&T Programs

Starting with this admissions process for students entering middle school in Fall 2020, all students will be selected for middle school Gifted & Talented (G&T) programs in District 26 based solely on their composite scores, regardless of whether or not they attended an elementary school G&T program. No students will have a priority to a specific middle school G&T program based on their enrollment in an elementary school G&T program. All students will need to apply to the middle school G&T programs for which they wish to be considered. All students will be matched to G&T programs in descending order of their composite score.

## District Programs | District 29 Information and Map

*Students and residents of District 29 can apply to middle school programs in this section.*

- ★ Some middle schools in District 29 also have programs that are open to all students and residents of Queens—these programs are located in the Boroughwide Programs section of this guide.

All families zoned to District 29 have at least one zoned middle school, and some families have two. It's a good idea to include your zoned school on your child's application—and if you have two zoned schools, consider including both of them. However, you don't need to place a zoned school as your first choice. Your child's priority to attend their zoned school (or either of their zoned schools) remains the same whether you place it first or twelfth on their application.

# District Programs | District 30 Information and Map

Students and residents of District 30 can apply to middle school programs in this section.

- ★ Some middle schools in District 30 also have programs that are open to all students and residents of Queens—these programs are located in the Boroughwide Programs section of this guide.
- ★ Additionally, one middle school in District 30 has a program that is open to all residents of NYC—this program is located in the Citywide Programs section of this guide.

Some families zoned to District 30 have a zoned middle school. If you have a zoned school, it's a good idea to include it on your child's application. However, you don't need to list it as your first choice—your child's priority to attend their zoned school remains the same whether you place it first or twelfth on their application.

 **Tip** Find your district and learn if you have a zoned school by entering your address at [schools.nyc.gov/Find-a-School](https://schools.nyc.gov/Find-a-School) or calling **311**. This information will also be available in your personalized MySchools account.

## Partner G&T Programs

All fifth-grade students in District 30 are welcome to apply to the Gifted & Talented (G&T) middle school programs in District 30. Applicants to these programs will get offers in the following order.

- **First priority group: Current G&T students.** Students who are currently enrolled in a District 30 elementary school G&T program have an admissions priority to attend their partner middle school G&T program if they apply to it. For example, if students in the elementary school G&T program at Henry Gradstein apply to their partner middle school G&T program at Albert Shanker, they will be admitted to that program before any other students. However, these same students do not have priority to attend Mamie Fay. Use this chart to see which middle school program partners with your child's current G&T program:

Elementary School G&T Program	Partner Middle School G&T Program
Mamie Fay (P.S. 122)	Mamie Fay (P.S. 122)
Queens (P.S. 150)	Mamie Fay (P.S. 122)
Henry Gradstein (P.S. 166)	Albert Shanker School for Visual and Performing Arts (I.S. 126)
The 30th Avenue School (P.S./M.S. 300)	The 30th Avenue School (P.S./M.S. 300)

- **Second priority group: Other students.** After middle school G&T programs make offers to all applicants from the first priority group, they admit applicants from the second priority group: other students and residents of District 30 for Mamie Fay and Albert Shanker, or NYC residents for The 30th Avenue School.

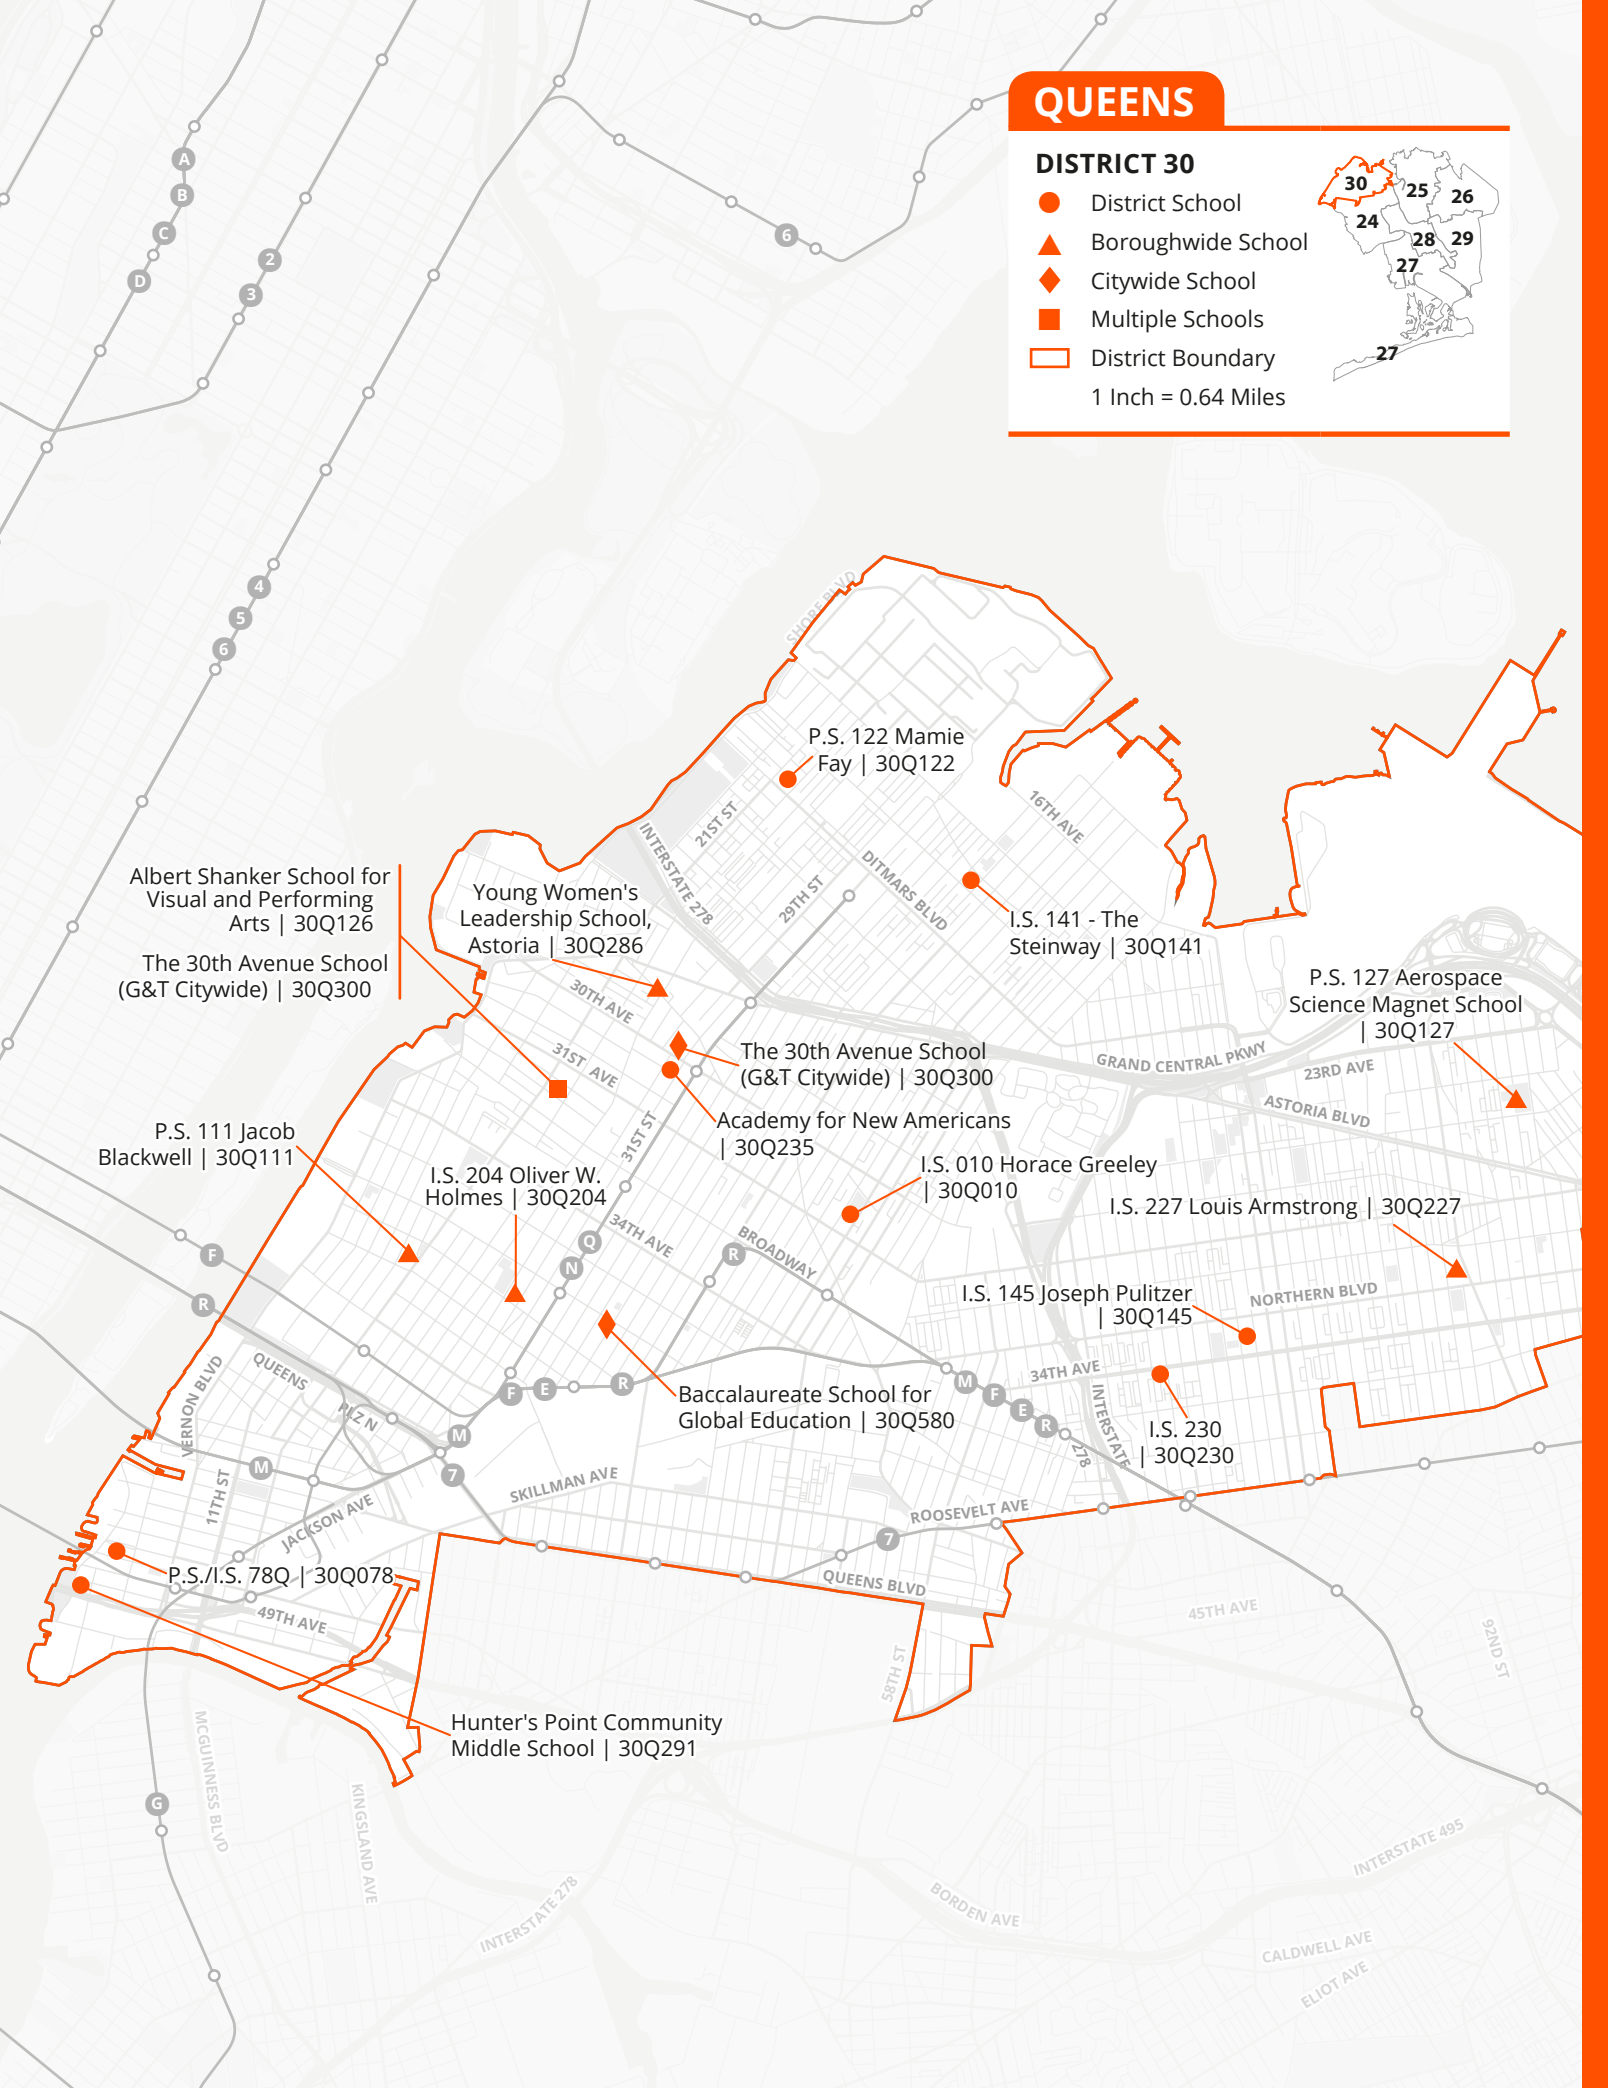

## Changing Admissions Priorities for Middle School G&T Programs

If you are exploring elementary school G&T options for younger children, be aware that admissions priorities for middle school G&T programs in District 30 are changing. Students who started kindergarten in 2017 are the last students who will receive the priorities outlined above. Beginning with students who entered kindergarten G&T programs in 2018 and sixth grade in 2024, all students will need to reapply to District 30 middle school G&T programs by listing these programs on their middle school applications—at this point, all students will get offers to middle school G&T programs based solely on their composite scores, regardless of whether or not they attended an elementary school G&T program. This means that students in Mamie Fay's elementary school G&T program will no longer have priority to attend Mamie Fay's middle school G&T program.
